The MARYLAND GAZETTE.

[XXth Year.] THURSDAY, June 7, 1764. [N°. 990.]

NAPLES, February 4.

THE Dearneſs of Grain ſtill continues; and Diſorders, in Conſequence of it, are daily committed even in the Capital. Several Waggons laden with Bread for the Soldiery have been pillaged. The Means taken to prevent theſe Inconveniencies having been impeded by thoſe who conceal their Stock of Corn, to ſell it dearer as the Scarcity increaſes, the Government have given Orders for the Importation of 200,000 Tomoli of that Commodity.

Cadiz, Jan. 31. Among other Veſſels arrived here this Month, ten Dutch and Engliſh ones were laden with Corn for this Place, where it is exceſſive dear, notwithſtanding the Proſpect of a plentiful Harveſt.

LONDON, *March 28.*

The Exports of all Sorts of Merchandize for North-America, was never known to be half ſo great as at preſent.

Capt. Hugh Palliſſer, of his Majeſty's Ship Guernſey, lately put in Commiſſion, is ſtationed at Newfoundland, for the Protection of the Fiſhery; and he is alſo appointed Commander-in-Chief of his Majeſty's Ships on that Station.

March 29. A Proclamation is publiſhed in this Day's Gazette, for the Sale of the Lands belonging to the Crown, on the Iſlands of the Weſt Indies which were ceded to us by the late Treaty of Peace; which Lands are to be ſold by Auction in the Month of June next, if the Surveys can be made ſo ſoon. Each Perſon to pay immediately Twenty per Cent of the Purchaſe Money; the Remainder by different Inſtallments, viz. Ten per Cent within the firſt Year of the Purchaſe, Ten per Cent more within the ſecond Year, and Twenty per Cent within every ſucceeding Year, until the whole is paid. That in Caſe of Failure of Payment of the Purchaſe Money, in the Manner above directed, the Purchaſer ſhall forfeit all Right to the Lands purchaſed, &c.

Orders are given for the immediate iſſuing out Exchequer Bills, to the Amount of 800,000 l.

Sunday ſome Officers began to beat up in Weſtminſter for Sailors, to man the Ships going to North-America.

We hear the Cries of the Poor and middling Sort of People, occaſioned by the Dearneſs of Proviſions, have aſcended ſo high as to pierce the Hearts of the Great, and that ſoon after the Riſe of the Parliament, a Royal Proclamation will be publiſhed, for the free Importation of the Neceſſaries of Life from the Kingdom of Ireland.

We hear the Indians are exceeding fond of our Copper Money, which they ſtring round their Necks, as the Negroes do coaſts Shells on the Coaſt of Africa, which has lately occaſioned Commiſſions for large Quantities to be ſhipped for New-York and Halifax.

Letters from Paris of the 19th inſt. ſay, that the Marchioneſs de Pompadour lay at the Point of Death, being given over by her Phyſicians, and that ſhe had received extreme Unction and the Viaticum, which were adminiſtered to her by the King's Confeſſor.

March 30. Copper Money has not been ſo plenty of late as uſual, owing to the large Quantities exported abroad.

It is ſaid there are 50 Engliſh Families now ready to embark for and ſettle in Canada.

During the late Tranſactions of our Eaſt India Company, to which ſome Dutch Agents in this City have been peculiarly attentive, it is ſaid, regular Diſpatches have been ſent to Holland, with a minute Detail of what paſſed at each Meeting; but their Diſguſt and Apprehenſions have exceedingly been augmented ſince the Report of Lord Clive's going again to India, being afraid that his Lordſhip's Penetration will not fail of bringing to Light ſome extraordinary Proceedings in that Part of the World.

It is ſaid that his Majeſty propoſes to ſet out to viſit his German Dominions on Monday after Laſter Week.

'Tis ſaid a noble Perſon has ſent his Anſwer to a great Company, that he cannot think of going abroad on any other Condition, in the firſt Place, than the Removing a certain eminent Gentleman from all Manner of Power.

The Price of Silver being reduced, it is hoped a Coinage in that will ſoon take Place; and the old Sixpences, which are very much worn, be called in.

This Week a Gentleman, well experienced in the Growth and Culture of Silk Worms, had an Audience of a Nobleman of great Diſtinction, relative to the Utility of Eſtabliſhing this valuable Branch of Commerce in Florida; and it is ſaid his Lordſhip, from the Information he received, has engaged the ſaid Gentleman to embark for the new Settlement, in order to begin and carry on the Undertaking at his Lordſhip's Expence.

It is now ſaid, that Capt. Byron will have the Command of a ſmall Squadron for a Service, ſuppoſed for the Eaſt Indies.

Copies of ſeveral Regulations have been ſent from our Government to the Courts of France and Spain, relative to the Poſſeſſions of North-America, and of which the Subjects of thoſe Two Nations are to be acquainted with.

It is expected the Parliament will riſe the 16th of April.

BOSTON, *May 17.*

By Letters from London, we find that the Merchants trading this Way have greatly intereſted themſelves in our American Affairs: They write that our Agent Mr. Mauduit has been indefatigable in his Labours upon this Occaſion, but they fear that all their Endeavours will fall ſhort of the Succeſs they hoped for: That divers Affairs, it is added, are now in Agitation in the Parliament, which will affect the Intereſt of the Colonies, againſt which we are aſſured the Endeavours of our Friends at Home will be continued to the laſt.

We hear that the Bill for laying a Duty of Three Pence Sterling per Gallon on foreign Melaſſes, imported into the Colonies, was reſolved upon, and paſſed the Houſe of Commons the 22d of March laſt.

Captain Gilliſs, from Glaſgow, ſpoke with the Pitt Packet, bound Home from New-York, 18 Days ago, which had been out 13 Days.

May 21. A Gentleman lately arrived from Surinam, informs, that juſt before he left that Place, certain Advice had been received from Berbicia, that by Means of the Succour they had received, and the Diſtreſs of the rebellious Negroes, for want of Proviſions, (which was ſo extreme, that they were obliged to kill every Horſe upon the Plantations they were in Poſſeſſion of) they had intirely brought them under Subjection; but they had almoſt ruined the Settlement by their Ravages. Upon this Intelligence, a Day of Public Rejoicing was appointed by the Governor, which was celebrated accordingly.

NEWPORT, *May 21.*

Captain Allen, in 34 Days from the Grenades, gives us the following Piece of Intelligence, viz. That a Polacca belonging to ſome Port in England, bound from Gambia to Barbados, arrived off that Iſland the latter End of March laſt, when the Slaves, upwards of 100 in Number, unhappily found Means to fall upon the Crew, and killed the Captain, Mate, and ſome others, leaving only two Men and two Boys alive; one of theſe they placed at the Helm, and ſtood over him with a Cutlas, ordering him to ſteer every Morning towards the Riſing of the Sun, lying by the latter Part of the Day and Night. The Negroes choſe one of their Number to Captain, who having taken the Command, and dreſſed himſelf in the Captain's Clothes, maintained the ſtricteſt Order, in particular with Reſpect to the Allowance of Proviſions, diſtributing the ſame Quantity to the white Men and Boys, as was allowed to the Reſt. To Windward of Barbados a Veſſel hoiſted out a Boat, in order to go on board her, which they beat off, and afterwards a Veſſel from thence was ſent in Purſuit of her, which proved ineffectual. In about ten Days, from the Blacks taking Poſſeſſion of the Polacca, ſhe was found to be near the Grenades, when a Sloop, properly fitted, went in Queſt of her, which ſoon came up and began an Engagement, which the Negroes, with Swivels and Small Arms, maintained with Fiercneſs and Vigour, 'til between 20 and 30 of them were wounded, 2 of whom died. The Sloop then ran up and boarded her, when they were obliged to ſubmit, and were accordingly taken and carried into the Grenades. No Lives were loſt on board the Sloop.

NEW-YORK, *May 28.*

We hear, That on the 27th of February laſt, Major Loftus was ordered with the 22d Regiment, conſiſting of about 300 Men, from Mobille, to proceed up the Miſſiſippi, and take Poſſeſſion of the Illenois, 500 Leagues diſtant; that he found the Paſſage up the River very difficult, owing to the Rapidity of the Current, which retarded their March ſo much, that they could ſcarce proceed 10 Miles a Day; and that on the 20th of March, having only got 70 Leagues up the River, their foremoſt Boat was attacked by the Indians, and in a few Minutes they had 6 Men killed, and as many wounded; that all the other Boats immediately attempted to land, but were alſo very ſmartly fired upon; that Major Loftus having a few Days before loſt 57 Men by Deſertion, not knowing the Number of the Enemy, and being then at a Place called La Loche Davoine, about 400 Leagues from the Illenois, thought it impracticable to fulfil his Orders, and therefore returned to Penſacola.

Extract of a Letter from Montreal, dated May 9.

"As a Well-wiſher to this Continent, I own to you that I am particularly inquiſitive into every Step taken by our Commanders, and Governors, to puniſh the blind Spirit of Rebellion, that has been nurſed up, in the Minds of ſome unthinking diſaffected Tribes of Indians, and thereby put an End to the preſent unnatural War, ſo hurtful to Trade, and the Welfare of our Fellow Subjects.

"Capt. Claſe, the Director of Indian Affairs, in this Province, arrived here lately from Johnſons Hall, hearing that a numerous Congreſs of the different Nations of Indians ſettled in this Government, was to be held at Cagnowago, the 5th Inſt. in Preſence of Brig. Gen. Burton, our worthy Governor: I had the Curioſity to follow thither, where he went, attended by all the Commanding Officers of the different Corps in the Government, and other Officers of the Garriſon. At the Approach of his Barge, the Indians, who had hoiſted up in ſeveral Parts of their Fort, Union Flags, and red Flags, ſaluted him, with a diſcharge of Pateraroes, and Vollies of ſmall Arms. The whole Village, Men, Women, and Children, ſhewed the greateſt Demonſtrations of Joy at his Landing; at which Time a Company of Warriors, with Engliſh Colours flying, and Officers at their Head, formed a double File, through which the Governor, attended by Capt. Claſe, the Indian Director, and other Officers, marched, and went to the Council-Hall, where, after the uſual Compliments, I ſaw with the higheſt Satisfaction, the Chiefs of the different Tribes, and Nations aſſembled, take up War-Belts, with great Readineſs, heartily promiſing for their Tribes to join our Indian Friends, ſo that Numbers of them are ſoon to ſet off for Sir William Johnſon's."

The Publick are deſired to be careful in receiving Pence; as, at this Juncture, there are Abundance of the bad kind now current among us.

Friday Evening laſt the Harriot Packet, Capt. Robinſon, ſailed with the Mail for Falmouth.

PHILADELPHIA, *May 31.*

Yeſterday a Law was paſſed by the GOVERNOR and ASSEMBLY, granting FIFTY-FIVE THOUSAND POUNDS for his MAJESTY's Service.

Since our laſt the following Particulars come to Hand from Fort-Henry, in Berks County, viz.

"That on the 23d Inſtant, about One o'Clock in the Morning, the Commanding Officer there received Advice, that the Indians had murdered ſome White People about three Miles from thence; upon which he ordered an Officer and 15 Men to go to the Place, where they found Jacob Baker's Houſe burnt, his Wife and Siſter killed and ſcalped, and two Boys were miſſing: That a Son of Caſper Schenebelt's, and a Son of Nicholas Wolfe's, were both killed within two Miles of the Fort: That at Day-break he went out with 24 Men, but could ſee nothing of the Enemy, and by the Badneſs of the Weather loſt their Tracks; but that one of his reconnoitring Parties having diſcovered ſix Indians, at about 2 Mile's Diſtance, he was going immediately out again in Purſuit of them,

with 21 Soldiers, and some Countrymen, who were to take six Days Provision with them: That on the 24th, about 3 o'Clock in the Afternoon, a Woman was shot through the Neck by a Party of four Indians, who were pursued, and fired on by some of our People; and that about two Hours after, three of the Enemy crossed the Highway, and were also followed and fired at by our Men, but we have no Account of any of them being taken or wounded. It is likewise said that the Indians, in their Retreat, met with and wounded several of the Inhabitants badly."

WILLIAMSBURG, *May* 25.

This Day were executed at the Gallows near this City, pursuant to their Sentence, Bartholomew Roberts, William Abney, and Robert Barnard, for Forgery; and Littleberry Thompson, for Murder. They all behaved very composedly, and with seeming Resignation to their unhappy Fate.—— The counterfeiting and passing our Paper Currency being attended with the most destructive Consequences to the Credit of the Colony, and large Quantities of it being at this Time in Circulation, it is to be hoped that all concerned in this base and baneful Traffick will take Warning from the untimely End of those who have now suffered.
